

Las universidades en la Edad Media

By Rábade Obradó, Mª del Pilar

ARCO-LIBROS, 1996. Condition: Nuevo. La universidad es producto de la maduración cultural experimentada en los siglos centrales del medievo por Europa Occidental. A su vez, la universidad es uno de los hechos de mayor significado cultural que se producen en el transcurso del medievo, y de mayores consecuencias. Desde su nacimiento la universidad ha desarrollado y transmitido el conocimiento científico, contribuyendo a la creación de una tradición intelectual europea, pero también ha propiciado el nacimiento de una élite académica, destinada a jugar un relevante papel social. A lo largo de las páginas de este libro se trata, precisamente, de ofrecer una visión sintética de lo que fueron los primeros pasos de las universidades, desde que se produce su nacimiento y hasta el final del Medievo.

Reviews

Completely essential read through publication. It normally does not expense excessive. It is extremely difficult to leave it before concluding, once you begin to read the book.
