For more than 5,000 years, shamans of the Toltec tradition have worked with the energy body, learning its structure and perceptual capacities as well as mapping it as an objective, measurable part of our anatomy. Drawing from his decades-long involvement in this tradition and his work in the field of bioenergetics, Smith explains how the energy body shapes our perceptions, determines our state of consciousness, and forms our reality from the infinite possibilities presented by our thoughts, feelings, and those around us. Illustrating our energetic anatomy and its connections to the nervous system, chakras, and meridians, he provides step-by-step exercises to awaken the energy body, expand awareness, and begin consciously building a creative life.
