## THE CANOPUS REVELATION: STARGATE OF THE GODS & THE ART OF OSIRIS

Frontier Sciences Foundation. Paperback. Book Condition: new. BRAND NEW, The Canopus Revelation: Stargate of the Gods & the Art of Osiris, Philip Coppens, A radical reinterpretation of the myth of Osiris and Isis. Humankind has misidentified the constellation Orion with the Egyptian god Osiris in Egyptian mythology. Rather, it is the star Canopus that is linked with Osiris, as identified by both ancient writers and early 20th century scholars. Canopus, for Egypt the South polar star, is the second-brightest star and interplays with Sirius in such a way that ancient accounts surmised that the two stars controlled time. It was the navigators star, allowing access to the afterlife: the domain of Osiris. Canopus was specifically identified with Osirus' Ark, where he was transformed from mere mortal to resurrected supergod. Canopus was therefore literally a stargate, where men could communicate with and aspire to become gods -- and enter into other dimensions. This book will reveal what the Egyptians actually believed about: what happened to the soul after death; how they coded this knowledge into their mythology; how ancient accounts and modern physics use the same symbolism to describe the structure of the universe, the playground of the Egyptian gods and the souls of the deceased; .and how the Canopus myth is linked to the Grail legend and to alchemy, revealed here for the first time.
