A-Z OF BUDDY HOLLY AND THE CRICKETS (PAPERBACK)

[DOWNLOAD](#)

Music Mentor Books, United Kingdom, 2009. Paperback. Condition: New. Language: English . Brand New Book. The plane crash of 3 February 1959 which claimed the life of Buddy Holly was both a human tragedy, and a tragedy for rock n roll. In a little under two years, Holly and his band -- the Crickets -- had become major stars, thanks to their high standard of musicianship and a string of memorable hits including That'll Be The Day , Rave On , Peggy Sue , Oh Boy! and Heartbeat , only for their career to be cruelly cut short. After his death, Holly s records continued to sell in quantity for many years -- a testament to his massive influence and the lasting popularity of his music. It may sound strange now, but in those monochrome, pre-Internet days very little was actually known about the singer with the unusual name and the hiccup in his voice -- a situation that persisted until the appearance of John Goldrosen s pioneering biography in 1975. Since then, much more information has been uncovered, thanks to decades of research by dedicated fans. This book draws together a mass of Holly facts and info from a variety of published sources, as well as the author s own original research, and presents them in an easy-to-use encyclopaedic format. Now in its third edition, it has proved to be a popular and valuable reference work on this seminal rock n roller. This is a book that every Holly fan will want to keep at his fingertips. A book about a musical genius who will never be forgotten. Revised and expanded 50th anniversary ed.
