

The Wife of Jesus: Ancient Texts and Modern Scandals

By Anthony Le Donne

Oneworld Publications. Paperback. Condition: New. 224 pages. Dimensions: 7.6in. x 5.0in. x 0.8in. Was Jesus married? The question has the power to inflame opinion, split religions, start wars, and divide Christians and scholars alike. Whether stirred up by the phenomenal success of Dan Brown's novels or the discovery last year by Harvard professor Karen King of the so-called Gospel of Jesus Wife, an ancient piece of papyrus that made the explosive suggestion that Jesus and Mary Magdalene were man and wife, the matter refuses to rest and remains unsolved. Original research in the area has been undermined by a vigorous campaign to dismiss the possibility of Jesus' marriage, a cause further strengthened by the popularity of conspiracy theories. Now, approaching the subject from a fresh, historical perspective, Anthony Le Donne places Jesus firmly within his sociocultural context and provocatively argues that the evidence has only one conclusion: Jesus had a wife. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
