## EVALUATION OF GLYCOSMIS PENTAPHYLLA RETZ AND ITS BIOLOGICAL ACTIVITIES

Author: Vignesh,  
Kandasamy Murugesan  
Evaluation of Glycosmis  
pentaphylla Retz and its  
biological activities

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | The medicinal plants Glycosmis pentaphylla root extracts of hexane fraction contained alkaloids, tannin, saponin, flavonoids, which showed good radical scavenging and antioxidant activity. Based on this activity, column chromatography was carried out followed by Crystallization, Single crystal - XRD analysis and structural solutions were carried out using orthorhombic space group. Conformation of crystalline structure and molecular packing was carried out using hydrogen bonding and intermolecular interactions. Essential oil from leaves of G...
