

## Total Alignment: Tools and Tactics for Streamlining Your Organization (Paperback)

By Riaz Khadem, Linda Khadem

Entrepreneur Press, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book. There are roadblocks to progress built into the current way many corporations operate. From retail to manufacturing to even the publishing industry, it seems that old patterns continue to exist. When these are combined with ineffective strategies and poor leadership, they cause many corporations to limp along , get into insurmountable debt and/or fail to perform as profitably as they could, and never reach the potential for which they were created. These patterns must change -- and can change - with new learning and leadership. Despite the plethora of information and many books on the market, there are several key issues in the business world that business leaders have still been unable to solve. This book has solved them for other leaders in countries outside the USA proven by the fact the book has sold +40,000 units to date in the Spanish edition. These issues have a huge impact on productivity, profitability and innovation. These include: The existence of organizational silos Organizational silos -- a business term used to refer to departments working as separate units and not sharing information with other departments in the same...
