AuthorHouse. Paperback. Condition: New. 104 pages. Dimensions: 11.0in. x 8.2in. x 0.2in. As a companion to Power to Love by John Glenn this workbook allows the reader to give some thought to the concepts within the textbook in order to develop and practice the skills needed to love others like Christ. Each of the chapters corresponds to the chapters in the text book and each question emphasizes a relevant concept or principle discussed in the text. The reader is encouraged to answer the questions in the work book by putting the concepts of the text into their own words. This process will insure a better understanding as well as application in your own life. No question requires an answer for you to generate based upon your own opinion. But you should feel free to interject as you see fit. Once you read the chapter, turn to the workbook and think about the questions and then refer to the textbook to check your answers. You may disagree with certain points, but please think about why and trust the Spirit of God to guide you into all truth. You may also use the workbook as a guide to teaching through the textbook or leading a small group. Be aware the workbook does not cover every concept within the textbook and in using it this way; you may well want to include the issues that God brings to your mind as well as those within the workbook. Most of all, this workbook is for you. May God bless your efforts to learn how to love others. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN.
