

## The Numbers Game: Why Everything You Know about Soccer Is Wrong (Paperback)

By Chris Anderson

Penguin Books, 2013. Paperback. Condition: New. New.. Language: English . Brand New Book. Moneyball meets Freakonomics in this myth-busting guide to understanding--and winning--the most popular sport on the planet. Innovation is coming to soccer, and at the center of it all are the numbers--a way of thinking about the game that ignores the obvious in favor of how things actually are. In The Numbers Game, Chris Anderson, a former professional goalkeeper turned soccer statistics guru, teams up with behavioral analyst David Sally to uncover the numbers that really matter when it comes to predicting a winner. Investigating basic but profound questions--How valuable are corners? Which goal matters most? Is possession really nine-tenths of the law? How should a player's value be judged?--they deliver an incisive, revolutionary new way of watching and understanding soccer.

### Reviews

*A very amazing publication with perfect and lucid information. We have read through and that i am certain that i will planning to study once more yet again in the future. You will not really feel monotony at anytime of the time (that's what catalogues are for about should you question me).*

-- **Matilda Hoeger V**

*This book might be worth a study, and superior to other. It can be writer in easy words and phrases and never confusing. I am just happy to inform you that here is the greatest ebook i have got read within my personal daily life and may be he best pdf for actually.*
