Book 7 Management in Global Organizations includes discussions on organizational situations in world-known global companies. Discussions demonstrate how assessment of a particular situation by organizational development consultant (OD) may help executives improve situation and avoid similar occurrence. Using principles of MAAE model to analyze situations in three companies, consulting team presents report and recommendations to executives how to increase productivity, communication, flexibility, and to avoid the crisis that may demolish an organization. Discussions of the book are also include analyzing the applications of the different key elements of organizational design in the real-world context of the global company chosen for investigation. An organizational design is presented along with an explanation how executives create roles, assign duties, processes, and form a hierarchy representation in their firm. Decision made about improvement of economic, technological, and human recourses leads to creating changes in organizational design and culture of three departments: sales and marketing, customer service, and purchases. Another global company was chosen to assess its organizational performance. The essence of the report lies in understanding how to manage the global cultures across borders to be successful. The report also includes issues to assist in sustaining a global culture across borders to increase proficiency and productivity of operations worldwide. Book is concluded with Discussion Questions accompanied by the authors starting responses. This item ships from La Vergne, TN. Paperback.
