By DeMott, Wes

Condition: New. Ships From Canada. New in new dust jacket. Sewn binding. Cloth over boards. With dust jacket. 294 p. Audience: General/trade. From Library Journal In this first novel by a former FBI agent, ex-POW Jacob Slaughter is back in Vietnam to improve trade relations. Late in the negotiations, the Vietnamese show him a prisoner, a cellmate long supposed dead, and the dossiers of 22 more. Not much to our surprise, when he tries to get the men back, he discovers that shadowy political forces oppose admitting that there might be living prisoners. Slaughter gets obstinate, and a succession of cardboard villains, ranging from a Mexican assassin to the vice president, try to do him in. Eventually, he bows to the wishes of the real rulers of America (not, as you have guessed, the elected ones) and works out a compromise to save everyone's face without abandoning the POWs. This novel reads like an episode of The X-Files, but it suffers from predictability, self-righteousness, and uninspired writing. A.
