It is now the world s fastest growing economy. Even after the 2008 Olympics, this fact may come as a shock to many Americans, who continue to think that the Chinese still march around in brown uniforms with red stars on their caps arresting dissidents for wearing capitalist Levis. China has at last count, more than half a billion cell phone users. Indeed, the Chinese are not only the world s leading users of mobile phones, but also the leading suppliers. No Chinese student goes without one and even a donkey cart driver chatting away on a mobile is not an uncommon sight. China s educated New Generation is possibly the most highly motivated force since the post-World War II generation in America. The young people of China are the next wave of a flourishing Chinese middle class now estimated as 13.5 of the population, and expected to be 600 million strong by 2015, according toBusiness Week....
