

Preparative chromatography technologies and applications (2nd Edition) [Paperback]

Filesize: 9.29 MB

Reviews

The best book i ever study. I could possibly comprehended every little thing out of this composed e ebook. I discovered this book from my dad and i advised this pdf to discover.

(Ernie Lebsack)

PREPARATIVE CHROMATOGRAPHY TECHNOLOGIES AND APPLICATIONS (2ND EDITION) [PAPERBACK]

paperback. Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback Pages Number: 219 Language: Simplified Chinese. In Publisher: Chemical Industry Press; 2nd edition (January 1, 2012). Preparative chromatography technology and applications (2nd edition) from the perspective of chromatographic science detailed description of The principle of preparative chromatography. experimental techniques. critical chromatographic separation techniques and their applications. Include the basics of preparative chromatography. preparation of thin layer chromatography. atmospheric pressure column chromatography. low pressure and medium pressure column chromatography. high pressure preparative liquid chromatography. high-speed countercurrent chromatography. simulated moving bed chromatography. displacement chromatography. the preparation of gas chromatography. electrophoresis. as well as preparative chromatography technology is closely related to biological metabolites extraction and separation technology. Preparative chromatography technology and applications (2nd edition) system for preparative chromatography technology describes a concise. systematic and comprehensive features. Preparative chromatography technology and applications (2nd edition) applicable to organic synthesis. plant chemistry. bio-engineering. fine chemical. pharmaceutical chemistry. life sciences. and the chromatographic areas of the reader. are also available for organic chemistry. analytical chemistry. agriculture. environment. a reference of the different fields of food. medicine. materials researchers. graduate students. college students. technicians and laboratory assistant. Four Satisfaction guaranteed, or money back.
