

Pipe Fitting Charts: For Steam Hot Water Also Galvanized Iron Piping for Fan and Indirect Systems (Classic Reprint)

By William G Snow

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Pipe Fitting Charts: For Steam Hot Water Also Galvanized Iron Piping for Fan and Indirect Systems In response to numerous requests, the articles by the author relating to piping connections, which have appeared in the Metal Worker have been rearranged, added to and put in the form herewith presented, which it is hoped will be found convenient for reference. It is assumed that the reader is familiar with the elementary systems of piping for steam and hot water, illustrated in many treatises on heating. This book deals with piping details, not with general heating layouts. It has not been attempted to illustrate to any extent the methods of piping in patented or proprietary systems of heating, as the manufacturers of the devices used in connection with these systems as a rule publish abundant literature illustrating and describing methods of application. While in no sense complete, the charts given on these pages will doubtless suggest methods of piping to accomplish certain ends, and in connection with the appendix will, it is hoped, form a useful addition...
