DIGITAL PHOTO WORKFLOW MADE EASY: DISCOVER HOW TO EFFORTLESSLY ORGANISE & PROCESS ALL YOUR PICTURES

Octopus Publishing Group. Paperback. Book Condition: new. BRAND NEW, Digital Photo Workflow Made Easy: Discover How to Effortlessly Organise & Process All Your Pictures, John Beardsworth, Quickly make the most of the pictures you've taken. Photographers often talk of the dry, mechanical term "workflow" but what they mean is using modern software from iPhoto to Lightroom to bring lightning speed to their creative vision. From family days out to professional studio shoots, it's never been more important to quickly handle hundreds and thousands of photographs without losing any or getting swamped. That's what this book is all about. This book covers everything from camera and computer equipment to the main software tools, as well as simple techniques you can use to manage your approach more successfully. You'll quickly become efficient without spending thousands on extra gear; perfect for shutterbugs who'd rather enjoy their photography than spend their lives hunting through hard drives and websites.
