Creative Paperbacks, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book. When you gaze out your windows, do you ever see a squirrel flicking its tail? How about a robin with a worm dangling from its beak? The animals in our neighborhoods may be obvious or rarely seen, but they live among us and contribute to each microhabitat. In *My Backyard* takes a closer look at six common creatures, exploring their life cycles and habits and noting their typical interactions with human neighbors. An activity at the end of each book encourages creative expression and critical thinking as the reader is invited to further explore a key idea presented in the text. A high-interest introduction to the life cycle of robins, including how fledglings develop, their varied diet, threats from predators, and the treetop habitats of these backyard animals.
