Open University Press. Paperback. Book Condition: new. BRAND NEW, Reflective Practice for Health Care Professionals: A Practical Guide (3rd Revised edition), Beverley Taylor, "This detailed, practical guide to reflective practice has relevance to all healthcare practitioners. Taylor offers readers her REFLECT model to guide them through the process of reflection. Throughout she uses a wide variety of techniques to explain and illustrate what to expect and how to adapt and accommodate to different circumstances and preferences. This book has such depth and detail and yet at the same time is practical and written in plain language. There is literally something for everyone." This latest text by Taylor is a welcome addition to the increasing body of knowledge on the subject. She writes, as always, with exceptional clarity and manages to combine practical guidance with experiential insights and theoretical frameworks. Highlighting the importance of ordinary human communication for all healthcare professionals, Taylor's text and presence is anything but ordinary." Professor Dawn Freshwater, University of Leeds, UK "This book is about more than reflection, it is about a philosophy of nursing that Taylor has espoused throughout her career, and it makes a connection with the...
