

Cinema: The Archaeology of Film and the Memory of A Century (Paperback)

Filesize: 3.15 MB

Reviews

Complete guideline! Its this kind of good read. It can be writter in easy terms rather than difficult to understand. I am delighted to tell you that here is the very best book i have got go through during my very own lifestyle and might be he greatest ebook for at any time.
(Bill Klein)

CINEMA: THE ARCHAEOLOGY OF FILM AND THE MEMORY OF A CENTURY (PAPERBACK)**DOWNLOAD**

Bloomsbury Publishing PLC, United Kingdom, 2005. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Cinema is quite simply a unique book from one of the most influential film-makers in the history of cinema. Here, Jean-Luc Godard looks back on a century of film as well as his own work and career in the industry. Born with the twentieth century, cinema became not just the century's dominant art form but its best historian. Godard argues that - after the century of Chaplin and Pol Pot, Monroe and Hitler, Stalin and Mae West, Mao and the Marx Brothers - film and history are inextricably intertwined. Against this backdrop, Godard presents his thoughts on film theory, cinematic technique, film histories, as well as the recent video revolution. As the conversation develops, Godard expounds on his central concerns - how film can resurrect the past, the role of rhythm in film, and how cinema can be an art that thinks. Cinema: the archaeology of film and the memory of a century is a dialogue between Godard and the celebrated cinophile Youssef Ishaghpour. Here Godard comes closest to defining a lifetime's obsession with cinema and cinema's lifelong obsession with history.
