

Forebodings (Paperback)

By Norman Wyle

Dark Horizon, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Forebodings is a collection of six short stories by Norman Wyle that range from tales of the occult, to a science fiction horror story set in the distant future. Forebodings has something for every fan of the horror, thriller, and suspense genre. I again found myself frozen and wanted to let out a scream, but my vocal cords failed to work. Andrew let out a low-pitched moan and slowly his body arched up into a sitting position. It was unnatural, like in those horror movies when a corpse awakens with a sheet over its body. His head hung so far twisted to the side it looked like it would fall off, but instead he placed both of his hands on it and popped it back into place making the most revolting crackling sound I had ever heard. - From He Lives.
