North American Business Press. Hardcover. Book Condition: New. Hardcover. 114 pages. Dimensions: 9.1in. x 6.3in. x 0.7in. At the end of 2008, government leaders and most professional economists were looking at each other and asking, How did we miss this and Why didnt we see it coming. Indeed, why didnt they. Our answer to their question is--Stupidomics. Those asking these questions aided and abetted those who drove our economy to the brink of disaster. Indeed, economics is a primary decision factor when we vote in local and national elections. No matter how much we try, we cant escape the basic laws of economics--they are a daily fact of life. It is this lack of economic understanding that motivated the title of our book--Stupidomics. The title is not meant to imply that Americans are stupid. Rather, we mean that Americans are...
