

Epistemology: The Key Thinkers (Paperback)

Filesize: 7.96 MB

Reviews

This type of book is almost everything and helped me hunting forward and more. I was able to comprehend almost everything using this published e.pdf. Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Edwardo Ziemann)

Continuum Publishing Corporation, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.From Plato, through Descartes to W.V. Quine and Edmund Gettier, this concise introduction and reference guide explores the history of thinking about knowledge . Exploring what great philosophers have written about the nature of knowledge and about how we know what we know, this is a concise and accessible introduction to the field of epistemology. Epistemology: The Key Thinkers tells the story of how epistemological thinking has developed over the centuries, through the work of the finest thinkers on the topic. Chapters by leading contemporary scholars guide readers through the ideas of key philosophers, beginning with Plato and Aristotle, through Descartes and the British empiricists, to such twentieth-century thinkers such as Wittgenstein, Quine, Goldman, and beyond. The final chapter looks to the future, highlighting some of the very latest debates that energise philosophical writing today about knowledge. Each chapter ends with a guide to further reading, encouraging students to explore the key writings for themselves, making Epistemology: The Key Thinkers a perfect guide for study, revision, and reference. The Key Thinkers series is aimed at undergraduate students and offers clear, concise and accessible edited guides to the key thinkers in each of the central topics in philosophy. Each book offers a comprehensive overview of the major thinkers who have contributed to the historical development of a key area of philosophy, providing a survey of their major works and the evolution of the central ideas in that area.
