Cocky s Joy is likely to be his breakthrough collection, the one which wins him a wider audience, and part of the reason for this lies in the use it makes of Australian history and popular culture. In fact, it is precisely his eye for metaphor and the strange combination, for punning and word play, that gives his poetry its humour and energy. Catherine/...

Reviews

Good electronic book and valuable one. It is one of the most incredible publication we have read through. It is extremely difficult to leave it before concluding, once you begin to read the book.

The publication is easy in read better to understand. It is written in basic words and phrases rather than hard to understand. You wont truly feel monotony at anytime of your respective time (that's what catalogues are for about if you question me).
