

The Joy of Living: Unlocking the Secret and Science of Happiness (Paperback)

By Eric Swanson, Yongey Mingyur Rinpoche

Transworld Publishers Ltd, United Kingdom, 2009. Paperback. Condition: New. Language: English . Brand New Book. For millennia, Buddhists have enjoyed the limitless benefits of meditation. But how does it work? And why? The principles behind this ancient practice have long eluded some of the best minds in modern science. Until now. This groundbreaking work, with a foreword by bestselling author Daniel Goleman, invites us to join in unlocking the secrets behind the practice of meditation. Working with neuroscientists, the author provides clear insights into modern research, which indicates that systematic training in meditation can enhance activity in areas of the brain associated with happiness and compassion. With an infectious joy and insatiable curiosity, Yongey Mingyur Rinpoche weaves together the principles of Tibetan Buddhism, neuroscience, and quantum physics in a way that will forever change the way we understand the human experience. And using the basic meditation practices, he offers readers a chance to recognize the unlimited potential of our own minds.

Reviews

This book is definitely not easy to get going on reading through but extremely exciting to see. I am quite late in start reading this one, but better then never. I am pleased to explain how here is the finest book i actually have read inside my individual daily life and may be he best book for ever.

-- Mrs. Ellie Yost II

Complete information! Its such a excellent study. It is filled with knowledge and wisdom I realized this publication from my dad and i advised this publication to find out.

-- Geovanny Grimes
