## The Learner-Directed Classroom: Developing Creative Thinking Skills Through Art (Paperback)

By -

Teachers College Press, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book. Educators at all levels want their students to develop habits of self-directed learning and critical problem-solving skills that encourage ownership and growth. In *The Learner-Directed Classroom*, practicing art educators (PreK-16) offer both a comprehensive framework for understanding student-directed learning and concrete pedagogical strategies to implement student-directed learning activities in school. In addition, research-based assessment strategies provide educators with evidence of student mastery and achievement. Teachers who structure self-directed learning activities can facilitate effective differentiation as students engage in the curriculum at their level. This book provides evidence-based, practical examples of how to transform the classroom into a creative and highly focused learning environment. Contributors: Catherine Adelman, Marvin Bartel, Katherine Douglas, Ellyn Gaspardi, Clyde Gaw, Lois Hetland, Pauline Joseph, Tannis Longmore, Linda Papanicolaou, Cameron Sesto, George Szekely, Ilona Szekely, Dale Zalmstra.
