Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Spraypainting the cat? What was he thinking With four year college degrees under our belts and a dab of training in Child Psychology, my wife and I thought we were ready for anything when it came to this parenting gig. We had no idea we would be outnumbered and outgunned. From diet to riot, meds to charts, we ve tried it all, to train up our ADHD kids in the way they should grow. From the Home School of Hard Knocks, our four ADD and ADHD kids have taught us more about coping and planning ahead than any four year college degree could have, especially when it comes to understanding what goes on in the mind of a five year old in a Buzz Lightyear costume flying on a treadmill. To Infinity, and Beyond. This is the chronicle of two adult ADD parents and their four ADD/ADHD kids living in a loving madhouse with four neurotic cats and a snow white bi-eyed monster dog that eats trees. Inside you will find more laughs and maybe some help and advice for what to do with the ADD kids in your own home, from someone who s Been There, Done That.
