Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1914 edition. Excerpt: .whose duties will be to receive and supervise the issue and use of fuel in all buildings at the post, under the supervision of the Quartermaster. 2. There will be assigned to each public building or group of buildings a competent enlisted man for the purpose of handling the heating apparatus installed in that building or group of buildings. In the case of company or detachment barracks, a company fireman will be detailed and will be required to keep a daily record of the amount of coal used and the temperature of the squad rooms in such building. The enlisted man so assigned, in charge of the heating apparatus, will be changed as infrequently as possible, and should be selected because of his trustworthiness and special fitness for the work. Organization commanders and officers responsible for buildings will be required to make at the time of their regular inspections prescribed in existing regulations, an inspection of the heating apparatus installed in such buildings, and in the case of company or detachment barracks, some responsible noncommissioned officer of the organization will be required to supervise daily the matter of proper and economical use of fuel, the daily removal of ashes from ash pits, and the cleaning of flues. 3. Greater interest and economy in the use of fuel will be obtained in requiring the company firemen to keep a daily record of the amount of coal used and the temperature of the squad rooms in...
