Lulu.com, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Whether you ve created a website already or are planning to create one in the near future, you know that s only half the battle. The other half is getting your website found in the search engines in hopes of attracting those interested in the type of products or services you offer. Search engine optimization techniques focus on increasing the organic, or natural, traffic that you receive based on your ranking within the search engines. The goal of search engine optimization is to ensure your website appeals to search engine crawlers, or bots. If you aren t on page 1 of Google, then you are missing out on 98 of the traffic. And traffic is what makes your business get leads, which is how you pay for your webhosting. Most business owners are insecure and worry about how to get their sites having more traffic. Learning how to SEO your own site will calm these fears - even if you pay someone else to do it for you. Start Now. Get Your Copy Today! Instant Download!.
