Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Some Meriams and Their Connection With Other Families The oldest book extant of which we have any knowledge, (with the possible exception of the Book of Job), is historical, and largely genealogical, as its title indicates. We should know nothing positive of the origin of this earth, and the introduction of life upon its surface; nothing of the introduction of sin and its consequent hereditary evils, and the immediate promise that the seed of the woman should bruise the serpent s head as the effectual remedy, were it not for these early records, which science and human experience have verified as true. What should we know of the generations of man before the Flood were it not for that fifth chapter of Genesis, or the re-peopling of the earth after the Deluge except for the record in the tenth and eleventh chapters? To me, these are among the most interesting passages in the old Scriptures; as well as the first chapter of Matthew s Gospel and the third of Luke. In giving some account of the Meriams of this country, and their marital relation to other families, it is not my design in the present paper to furnish a full genealogy thereof, - time and your patience will not permit; that must be left to a more elaborate and concerted work - but rather a sort of bird s-eye view that may not prove altogether uninteresting.
