Excerpt from The Development of Modern Turkey as Measured by Its Press It can hardly be surmised what course Ottoman history would have taken amidst these ups and downs, had the Western world not ushered in an era entirely new in human evolution. The changes in the West, combined with repeated misfortune in war began to stimulate in Turkey, conscious efforts to save the country from decay by adopting some of the Western ways. The first great success along this line was achieved, when, with government help, a printing press was established in Constantinople in 1 140 A. H.
