Marine Science: An Illustrated Guide to Science (Hardback)

By The Diagram Group

Facts on File Inc, United States, 2006. Hardback. Condition: New. Language: English . Brand New Book. Marine Science: An Illustrated Guide to Science is one of eight volumes in Facts On File s new Science Visual Resources set. Containing seven sections, a comprehensive glossary, a Web site guide, and an index, Marine Science is an ideal learning tool for students and teachers of science. Full-color diagrams, graphs, charts, and maps on every page illustrate the essential elements of the subject, while parallel text provides key definitions and step-by-step explanations. The seven sections include: Geography of the Oceans - provides an overview of the physical dimensions of the bodies of water that cover 70 percent of Earth; Geology of the Oceans - examines the geological processes that have shaped Earth s surface and features that are unique to the marine environment. It covers the regions of intense volcanic activity that lie deep beneath the sea, as well as the shifting boundaries between water and land; Chemistry of the Oceans - explores the nature of seawater with the global cycles that carry vital elements, such as carbon and nitrogen, from the oceans to the atmosphere to the land, and back to the...
