AFRICA S AMAZING ANIMALS: BOOK 1 A - C (PAPERBACK)

Createspace, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This is Book 1 in the series. One reason for writing these books came from the need to gather together the hotchpotch array of facts dotted about in bits and pieces all over the Web, and then to add to them facts from my own knowledge and experience. I hope as a result that you ll find more of the facts you re looking for, more easily, in just one place. It also seemed to me in looking at information on the Internet, that articles about animals were often either very scientific, with headings like taxonomy and societal considerations at the one extreme, or else over-simple picture books or articles for beginning readers at the other. Animals, like us, have personalities - and neither of these approaches gave them the roundness and depth of character they deserve. The books try to remedy this. Perhaps the best way to illustrate what they offer is to give just a very small sampling from the animal descriptions inside this book: .the aardvark is like no other animal in Africa - or anywhere else, for that matter! It looks as if it was put together, like a Lego set, from bits and pieces of other animals - none of which, as it happens, are its relatives. Its nose looks a bit like that of a pig - which explains the name Aardvark, which is Afrikaans for Earth Pig ! Its ears are as big as a rabbit s. Its sticky tongue is longer than a chameleon s . It has claws like a bear s. on webbed feet like a duck s! and a kangaroo would be proud of its tapering, muscular tail. Yet its closest...
