

Partially Observed Markov Decision Processes: From Filtering to Controlled Sensing (Hardback)

Filesize: 6.02 MB

Reviews

It is really an incredible publication that we have possibly study. Of course, it really is engage in, continue to an interesting and amazing literature. You are going to like how the writer compose this publication.

(Bailey Lehner)

PARTIALLY OBSERVED MARKOV DECISION PROCESSES: FROM FILTERING TO CONTROLLED SENSING (HARDBACK)

To download **Partially Observed Markov Decision Processes: From Filtering to Controlled Sensing (Hardback)** PDF, make sure you follow the hyperlink beneath and download the document or have access to other information that are relevant to PARTIALLY OBSERVED MARKOV DECISION PROCESSES: FROM FILTERING TO CONTROLLED SENSING (HARDBACK) book.

CAMBRIDGE UNIVERSITY PRESS, United Kingdom, 2016. Hardback. Condition: New. Language: English . Brand New Book. Covering formulation, algorithms, and structural results, and linking theory to real-world applications in controlled sensing (including social learning, adaptive radars and sequential detection), this book focuses on the conceptual foundations of partially observed Markov decision processes (POMDPs). It emphasizes structural results in stochastic dynamic programming, enabling graduate students and researchers in engineering, operations research, and economics to understand the underlying unifying themes without getting weighed down by mathematical technicalities. Bringing together research from across the literature, the book provides an introduction to nonlinear filtering followed by a systematic development of stochastic dynamic programming, lattice programming and reinforcement learning for POMDPs. Questions addressed in the book include: when does a POMDP have a threshold optimal policy? When are myopic policies optimal? How do local and global decision makers interact in adaptive decision making in multi-agent social learning where there is herding and data incest? And how can sophisticated radars and sensors adapt their sensing in real time?.
