Yang Zhicong compiled Press: Traditional Chinese Medicine Press Publishing Date: 2008 -08-01 ISBN: 9787802314917 Words: Pages: 320 Edition: 1 Binding: Paperback: large 16 commodity identification: 10233909 Editor's Choice No Summary into the 21st century has been the development of science to promote social and economic globalization. This process of globalization has changed the time and geographical concepts of human activity. Some infectious diseases such as SARS, avian flu, tuberculosis, and other infectious diseases can spread beyond borders in a short period of time in the intercontinental, international. These major infectious diseases can be greatly human threat. Therefore, the 21st century has been called the era of infectious disease, medical workers should fight these infections brainstorming. In today's society, the infectious disease is the second largest cause of death in the whole world. If you did not form the concept of hospital infection, or even the concept but there is no effective monitoring system, is often difficult to accurately grasp the incidence of hospital infection. Some people say that, if accurate knowledge of the occurrence of nosocomial infection, infection directory concept of hospital infection Section 1 infection and nosocomial infection Section II caused by impact factor in the fourth quarter of the classification of the third quarter of hospital infection hospital infection hospital infection Chapter hospital infection epidemiology section I of hospital infection epidemiology section II of the basic characteristics of the second chapter of the loss of the hospital infection control strategy Section I of hospital infection hospital infection control measures in the third quarter...
