The University of Chicago Press, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book. It s easy to stand in awe of a city s impressive skyline, marveling at its buildings reaching for the clouds and its vast network of roadways and train lines crisscrossing in every direction. It can often seem like everything in a city is man-made, all concrete, steel, and glass. But even the asphalt jungle is not all asphalt - a sidewalk s cracks are filled with nature, if we know where and how to look. To aid us in this quest is Nature All Around Us , which will help us to recognize (and look after) the natural world we traipse through in our daily lives. Nature All Around Us uses the familiar - such as summer Sundays humming with lawn mowers, gray squirrels foraging in planters, and flocks of pigeons - in order to introduce basic ecological concepts. In twenty-five short chapters organized by scale, from the home to the neighborhood to the city at large, it offers a subtle and entertaining education in ecology sure to inspire appreciation and ultimately stewardship of the environment. Various ecological concepts that any urban...
