Reviews

It is one of the best publications. It is definitely simplistic but exciting in the 50% in the ebook. I am very happy to let you know that this is basically the greatest publication I have ever gone through within my own existence and could be the greatest pdf for ever.

THE REAL LIFE FUGITIVE: SAM SHEPPARD AND THE ORIGINAL TRIAL OF THE CENTURY (PAPERBACK)

Createspace, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The crime was unthinkable: a respected doctor is convicted of brutally murdering his pregnant wife. The trial that followed was a media circus--one often compared to the O.J. Simpson trial. The popularity of the case would go on to be one of the alleged inspirations of the TV show The Fugitive (and later the Harrison Ford movie of the same name)--something the creators deny, but fans insist is true. This book proves that truth is always more interesting than fiction. It looks at the murder, the suspects, and the ultimate outcome of one of the most notorious murders of all time.
