Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from *Napoleon: A Short Biography* This book is intended to present to the reader in the most concise form possible, but yet with historical accuracy, an outline of the history of Napoleon that will convey an adequate first impression of his genius and policy. Without some knowledge of this extraordinary man and of his period it is impossible to understand the politics, constitution, and general circumstances of modern Europe. But the literature of the Napoleonic period is so vast, probably approaching forty thousand books, that the reader who feels disposed to get some acquaintance with it is frequently unable to find a practicable way through the maze. It may be said without disparagement to their writers that any one of the three or four best general histories of Napoleon, taken alone, is inadequate to convey a sufficient impression of the man and his times.
