Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Do You Want to Know How You Can Improve the Soil on Your Property, and How to Construct a Range of Garden Beds? Discover how soil is made, what it is made from, and how you can improve the soil on your property to make for healthier plants and higher yields. See how compost and mulch can make a big difference to your soil, and how to utilize your soil in a variety of types of garden beds. Soil is often overlooked, but the ground beneath our feet is incredibly important not only to the success of our permaculture designs, but also to the health of the planet. Without healthy soil, we simply cannot survive, so it makes sense that we get to know soil and understand how we can preserve, rehabilitate and improve it wherever we may be. This book provides you with everything you need to know about this amazing material, and looks at the practical ways it can be used in your permaculture design to grow crops.
