Audible Studios on Brilliance, 2017. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. A new short story in the Mindspace Investigations universe (with two bonus short stories in other worlds from author Alex Hughes). Open Mind When the cops call me in the middle of the night, I know it's bad. One of their own is dead, strangled in her car by a professional killer, and it's up to me, telepath consultant extraordinaire, to pull the rabbit out of my hat and solve the case. Only this time I'm not so sure I can. Homicide Detective Isabella Cherabino is breathing down my neck. The dead cop's partner is too. And now, the worst - there was a five-year-old kid in the car, a kid no one can find. Note from the author: Rabbit Trick takes place before the events of Clean, so the hero intentionally remains nameless.
