NATURAL FARMING: A PRACTICAL GUIDE

Scribe Publications, 2004. Paperback. Condition: New. 1. Natural Farming carries a simple but widely overlooked message: healthy soil makes healthy plants, which in turn make healthy animals and healthy people. The book explores the consequences in the soil of applications of superphosphate and other artificial fertilisers over decades, and explains soil chemistry in terms that every farmer can understand. It describes the exact role of each mineral and vitamin, both in the soil and in the body. And it explains...

Reviews

Thorough manual for pdf lovers. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.
