## C-TEST CONSTRUCT VALIDATION

Condition: New. Publisher/Verlag: VDM Verlag Dr. Müller | A Rasch Modeling Approach | C-Test is an economical test of general language proficiency in the first and second language. Ease of construction and scoring coupled with its cost-effectiveness have made C-Test a useful instrument for institutions which need a quick placement instrument and second language researchers who need a measure of learners' general language proficiency. The present book addresses C-Test construct validity by using the latest developments in modern measurement...

### Reviews

*This book will be worth getting. Better than never, though I am quite late in starting to read this one. It has been written in an extremely basic way which is only right after I finished reading this book through which it actually altered me, altered the way I believe.*

-- **Mr. Enrico Lesch**

*A very awesome eBook with perfect and lucid explanations. I could possibly comprehend everything using this written PDF. I am happy to explain how this is basically the best eBook I have ever read in my personal life and may be the very best book for ever.*

-- **Mr. Santa Rath**

*Basically no words to explain. I actually have studied and that I am sure that I will go on to read it once more again down the road. You are going to like just how the blogger publishes this PDF.*
