By Joshua Nathan Gramm

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The involvement of Wall Street stockbroker Maddox Ashwood and astrophysicist Dr. Velda Edwards in AvantGarde Deftech is no coincidence. Dark Shield under development by the defense technology startup has an unintended capability of opening the door to a place mythologically known as the Garden of Eden. Maddox and Velda, the new Adam and Eve born to the world 144 generations from their predecessors, are put to the test by The Creator. They must make Dark Shield work, unite mankind and bring out the best in everyone on Planet Earth, to earn the tickets back to the garden along with all their descendants. Can they do it? The book also takes the readers on a journey where one mystery unlocks others - the mysteries of the Garden of Eden and our very existence, unlocked by one of the greatest mysteries of science and the next big thing after Higgs boson - dark matter.
