

Beyond Mental Illness: Transform the Labels Transform a Life

Filesize: 3.72 MB

Reviews

*It is an awesome pdf i have possibly go through. It really is filled with wisdom and knowledge You will not really feel monotony at whenever you want of your time (that's what catalogues are for relating to in the event you ask me).
(Horace Schroeder)*

BEYOND MENTAL ILLNESS: TRANSFORM THE LABELS TRANSFORM A LIFE**DOWNLOAD**

XLIBRIS. Paperback. Book Condition: New. Paperback. 578 pages. Dimensions: 8.9in. x 6.0in. x 1.6in. A great writer -- clear and to the point, accurate and well informed. Packs a lot into a small space and does a great job of summarizing a broad literature base into a compelling story. I'm totally on board with what he has to say. Dr. Stephanie Seneff, PhD, Senior Research Scientist at the MIT Computer Science and Artificial Intelligence Laboratory, provides a critical review of the history of the DSM-5 and factors that prevent its much-needed evolution, but also gives us a model for improving it. Psychiatry, in contrast to the rest of medicine, generally does not assess the organ or the biological systems that it treats. Drug treatments have a mixed record--from ineffective to dangerous. They reduce symptoms but at what cost? Science-based interventions work in my practice and the practices of other healthcare providers who individualize assessment and treatment. At a time when out-of-the-box perspectives and solutions are sorely needed, Moyer, after having exhaustively researched the medical peer-reviewed literature, provides an abundance of them. Hyla Cass, MD, author. Fabulous contribution to the field! Thank God for those in the trenches trying to help others. My congratulations and gratitude to you. This book should be required reading for every psychiatrist, infectious disease doc, and anyone working in the mental health field. Allison Ashley, PhD. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
