S. An., August, 25-30, 1913 I. Teachers, investigators, physicians, dentists, sanitarians and public-spirited citizens who have evidence showing that the school hygiene under their observation has been effective and of real service, or who can present scientific facts proven by their labors, will be welcome contributors. Individuals participating in the open discussion may be limited to three minutes each, and such discussion may be determined at the discretion of the presiding...
