Fabulous animals, specters from the shadow world, nature spirits, and sacred beings: these are the monstrous, marvelous, and mythic creatures that have come down to us in folklore and legend. Some probably have their origins in reality; others spring completely from the imagination and they are all here, in this stunningly illustrated bible. Its rich in history and images, and international in scope, covering dragons and serpents; weird insects like the Aztec Itzpapalotl; zombies, golems, and banshees; the watery Undine; the Monkey King, Sun Wukong; and much, much more. A fascinating and informative work. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
