White Bird Publications, 2014. Paperback. Condition: New. 2nd ed.. Language: English . Brand New Book ***** Print on Demand *****.The effective means for an undiscovered, perfect murder is illusive. The bottomless fear of discovery has kept most of us from the real life dastardly deed. But what about authors who need to craft a believable plot? Those who kill fictionally will find this book a valuable resource. A book that covers all types of poisons would be the size of an encyclopedia, and is not needed by writers in search of a believable method for their criminal to dispatch their victim. This handbook will discuss poisons a normal person could get with little or no trouble, and if done right will leave little or no trace back to the murderer. Have fun planning your perfect fictional murder by poison.
