It was springtime on a farm in the hills and Edith and Little Bear were thrilled to see the ducks and geese floating on the pond. They were waiting as patiently as they knew how, for a mother ducks eggs to hatch. They visited the nest every day. One day, though, when they checked the nest, they found the mother was gone. Mr. Bear knew that something must have happened to her and she would not be back. So it was up to Edith and the Bears to try to hatch the eggs. Carefully, they moved the nest to the house, kept the eggs warm, and sure enough, one little duckling was born. How Edith and the Bears care for the duckling until it grows big enough to care for itself is an enchanting experience for all. This item ships from multiple locations.
