Language: English Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from The Principles of Hydrostatics: An Elementary Treatise on the Laws of Fluids, and Their Practical Applications In the following pages I have endeavoured to exhibit the Laws of Fluids, and the principles of their practical applications in a form adapted to all students of Mathematical and Natural Philosophy. Many very valuable treatises have been published on this subject; but from their being either almost exclusively practical or exclusively mathematical, and from the physical parts of the science being detached from the theoretical, the student cannot derive much real advantage from them, unless previously acquainted with the principles of the science, and with the Differential and Integral Calculus; for unless so previously prepared, he must content himself with adopting results without being thoroughly acquainted with the processes by which they are obtained. It is obvious that this method of arriving at an end, without understanding the means, may employ, but cannot properly instruct the mind. I have endeavoured in the following treatise to develop the principles of the science with the use of none but the most...

### Reviews

*It in a single of my personal favorite publication. It usually fails to charge an excessive amount of. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

*Simply no phrases to explain. It is definitely simplistic but shocks from the fifty percent from the pdf. You may like the way the blogger write this ebook.*
