Existential Musing is a collection of existential thoughts unique in today s published world. Author Perry Angle brings us parables, poems, dialogues, a short story and a play, all with his unusual approach to this world which he believes to be in free fall and decay. He is a modern example of an individual who finds that discord, indifference and waste are products of man. He writes of his beloved South with vigor, sensitivity, humility and intensity born of a longing for the land he knew as a boy all the while knowing that it can never be again.
