A TALE OF TWO DJINNS is a sexy paranormal Romeo and Juliet story with genies, feminists, kickass action and adult fun. A Tale of Two Djinn won the 2013 Readers Crown for Best Paranormal Romance. Akshay, warrior prince of the earth djinn, earns the title of Crown Prince at a high cost when he loses his best friend in a battle against ancient enemies, the water djinn. Heartsick, he escapes to Earth to mourn. Nothing gets the biological clock ticking (and elders lecturing) like almost dying in battle, so Maya, princess of the water djinn, travels to Earth for some no-strings-attached sex to fulfill her duty and produce an heir. But the beautiful and tough warrior gets more than she bargained for when she meets Shay. Their not-so-simple one-night stand is interrupted by assassins and the world, as they know it, is changed forever. As Maya and Shay pull together to survive, both are determined to have their happily-ever-after and bring peace to their worlds -- warring families, shadow assassins, and nosy busybodies be damned.
