The definitive guide to feeding your dog a balanced and nutritious raw and home-cooked diet, from the founder of a natural pets product company with over thirty years of experience working with dogs. Raw and Natural Nutrition for Dogs provides a road map to the essentials of canine nutrition, written in easy-to-understand language. This revised edition includes new information on special care and feeding of pregnant, newborn, performance, and toy breed dogs as well as senior dog considerations and the safety of the raw food diet for...
